We’ve reached our PERRI challenge!

RESPECT
We have certainly reached our Term 3 PERRI challenge and have achieved the total of over 5000 tokens. Our focus this term has been on Respect. This has included students respecting themselves, each other, their classroom, their school and their learning.

Respect is always part of life every day. It has been terrific to hear students using respectful language and demonstrating respect towards each other. It has also been a focus for all students to use our 3 steps to solving a problem in the yard in a respectful and calm manner. Please reinforce this process with your child.

Step 1. I message: I don’t like …… …..because it….. (say this twice)

Step 2. Walk away from the situation

Step 3. Go and speak to a teacher and ask for help/assistance – immediately.

WEAR YOUR FOOTY COLOURS TOMORROW! Free Dress day..

As our end of term PERRI goal has been achieved, tomorrow, all students can come dressed in their footy colours ready for our “JUMP OFF.” All students will be participating in a number of skipping events with their multi-age PERRI group.
Please make sure that students are wearing appropriate footwear and clothing for the day’s events.

It has been a wonderful term with lots of quality learning. Have a look at our Junior Learning Centre Education feature this month. Absolutely awesome!

I’d like to wish all our students and families a happy and safe holiday.

Enjoy the break,

Kind Regards
Sue Di Giacomo

Last day of term 3, tomorrow. Early finish 2.30

Investigation Time
and SALAKA whole school performance
Grade 1/2 M have been making some great discoveries about the ocean.

Have a look at some of their information reports on aquatic animals.
Dear Parents

As the school holidays are approaching, you may have plans to travel on Victoria’s roads. Significant rain is expected to fall over much of Victoria over the next few days, which may result in flooding.

Because of this rainfall, there is an increased risk to those travelling on our roads, and it is possible that houses across the State may be impacted as well.

I urge you to heed the following advice from emergency services:

- You should never drive through floodwater – it only takes about 15 centimetres of water to lose control of your vehicle.

- Drive to the conditions around you and be aware of road hazards such as mud, debris, damaged roads and bridges.

- Roads in your area could be damaged by the bad weather so plan your journey and monitor VicTraffic for road condition updates and any road closures, see: Vic Traffic

- Never swim, walk or play in floodwater, it is dangerous and may contain hazardous debris or toxins.

- If your property is at risk of flooding, please raise belongings onto tables, benches or beds and if you are on a farm, consider moving your livestock to higher ground.

- Remain informed with emergency broadcasters to ensure you are up-to-date with the latest conditions and if possible, make sure your neighbours are aware of the situation. For more information, see: Vic Emergency

Many thanks, and have a safe and enjoyable holiday break.

Ms. Sue Di Giacomo
