

Dear Parents,

This term, Foundation students will continue to participate in weekly PMP (Perceptual Motor Program) sessions.

This program does require a great deal of adult supervision and assistance; therefore, we are looking for interested parent volunteers each week. Parent helpers will supervise an activity/ station and ensure students are using the correct techniques.

The program will run on Friday afternoons from 12:00-1:00pm.

Please indicate below whether you would be interested in volunteering your time for any of the sessions this term. If you have any further questions, please do not hesitate to ask.

**\*Please note- all helpers must present a current Working With Children card to the school office.**

Thanks for your support,

*Trish Scott and Marie Martin*
